BE LEGENDARY

These aren't simply words. They're a challenge. One that requires action. Because legends like ours weren't written. They were forged. On the dirt, mud and asphalt of America's roads. In the heat of battle. Under the pressure of competition. On the salt at Bonneville. Since 1901.

These were the legends forged by America's first motorcycle company. So the next time you see those words, don't just read them. Live them.

Indian
MOTORCYCLE

2017

SCOUT® 1133 CC ENGINE

A 69 cubic-inch, liquid-cooled spark for legendary stories, purpose-built to ignite your soul.

THUNDERSTROKE® 111 ENGINE

Our award-winning powerplant with 119 ft-lbs of torque, to power your legendary moments farther than ever before.

SCOUT® SIXTY

The perfect machine on which to start your legend. Expertly balanced and lightweight, with a liquid-cooled V-Twin.

SCOUT®

A legend reborn, this iconic Indian Motorcycle® will get your blood pumping.

CHIEF DARK HORSE®

Dare to live faster, bolder and more aggressively, with this completely blacked-out performance machine.

CHIEFTAIN DARK HORSE®

Less light. More shadow. All legend. Our latest addition to the Dark Horse® family is matte black from nose to tail.

CHIEF® CLASSIC

Proudly authentic styling and the distinctive Thunderstroke® III engine earned this legend the respect and authority it's received.

CHIEF® VINTAGE

Unleash the soul of Indian Motorcycle® with a legendary design, original heritage colors and a signature thundering exhaust note to match.

INDIAN SPRINGFIELD™

Named after the place where our legend began, this breathtaking bike offers everything you desire in a tourer. And nothing you don't.

INDIAN MOTORCYCLE® TOUCHSCREEN

Introducing our latest breakthrough technology to make every ride more legendary. Navigation, entertainment and vehicle information—all at your fingertips. Even with your gloves on.

CHIEFTAIN®

For those who refuse to follow. This hard-nosed hard-bagger has the power of a Thunder Stroke® III V-Twin to put you in the lead of any pack.

ROADMASTER®

Some bikes have to be earned. The Roadmaster® is one of them. Powered by the legendary Thunder Stroke® III V-Twin, and refined beyond expectations.

TESTED. PROVEN. AUTHENTIC.

Indian Motorcycle® Accessories are developed in concert with the design, engineering and testing of your motorcycle to ensure perfect fit and premium quality. We insist that our testing exceeds what an accessory or motorcycle will endure on the road. Environmental tests ensure that appearance is maintained, even with exposure to the elements. Structural, vibration and on-road testing assure that our accessories meet and exceed riders' expectations.

QUALITY ASSURANCE TESTS:

VDS/EDS (SHAKER - STRENGTH)

VDS (VEHICLE DURABILITY SIMULATION):

Replicates the damaging aspects of actual road inputs such as potholes, rumble strips, bumps, etc. This test ensures the bike and accessories can withstand these inputs and maintain their integrity.

EDS (ELECTRODYNAMIC SHAKER):

Replicates high frequency vibrations from the engine and other inputs to ensure parts are structurally sound and don't loosen over time.

CORROSION/CHEMICAL/UV RESISTANCE (ENVIRONMENTAL DURABILITY)

These tests ensure that individual components do not physically or visually degrade in the harshest of environments or when exposed to common chemicals that may come into contact with the bike. They are tested to the harshest standards to make sure they last for the life of that part.

FATIGUE/OVERLOAD (CYCLE - PHYSICAL DURABILITY)

OVERLOAD:

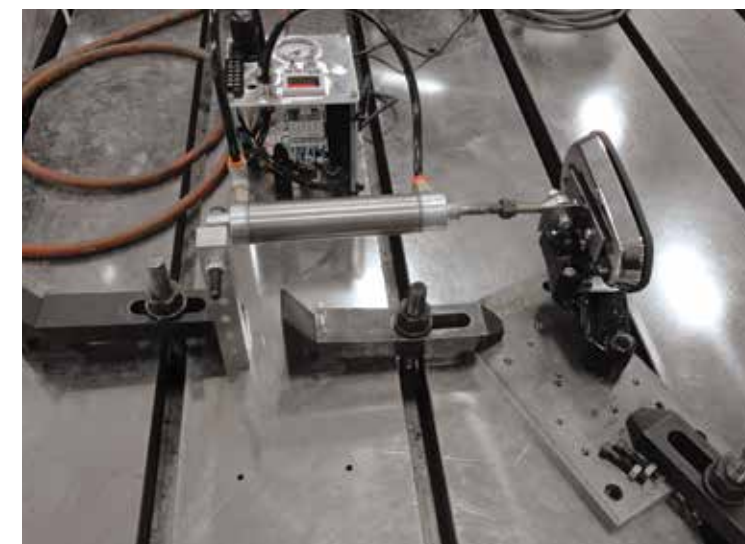

This test ensures that a part meets the limits set forth without cracks, bends or deformation.

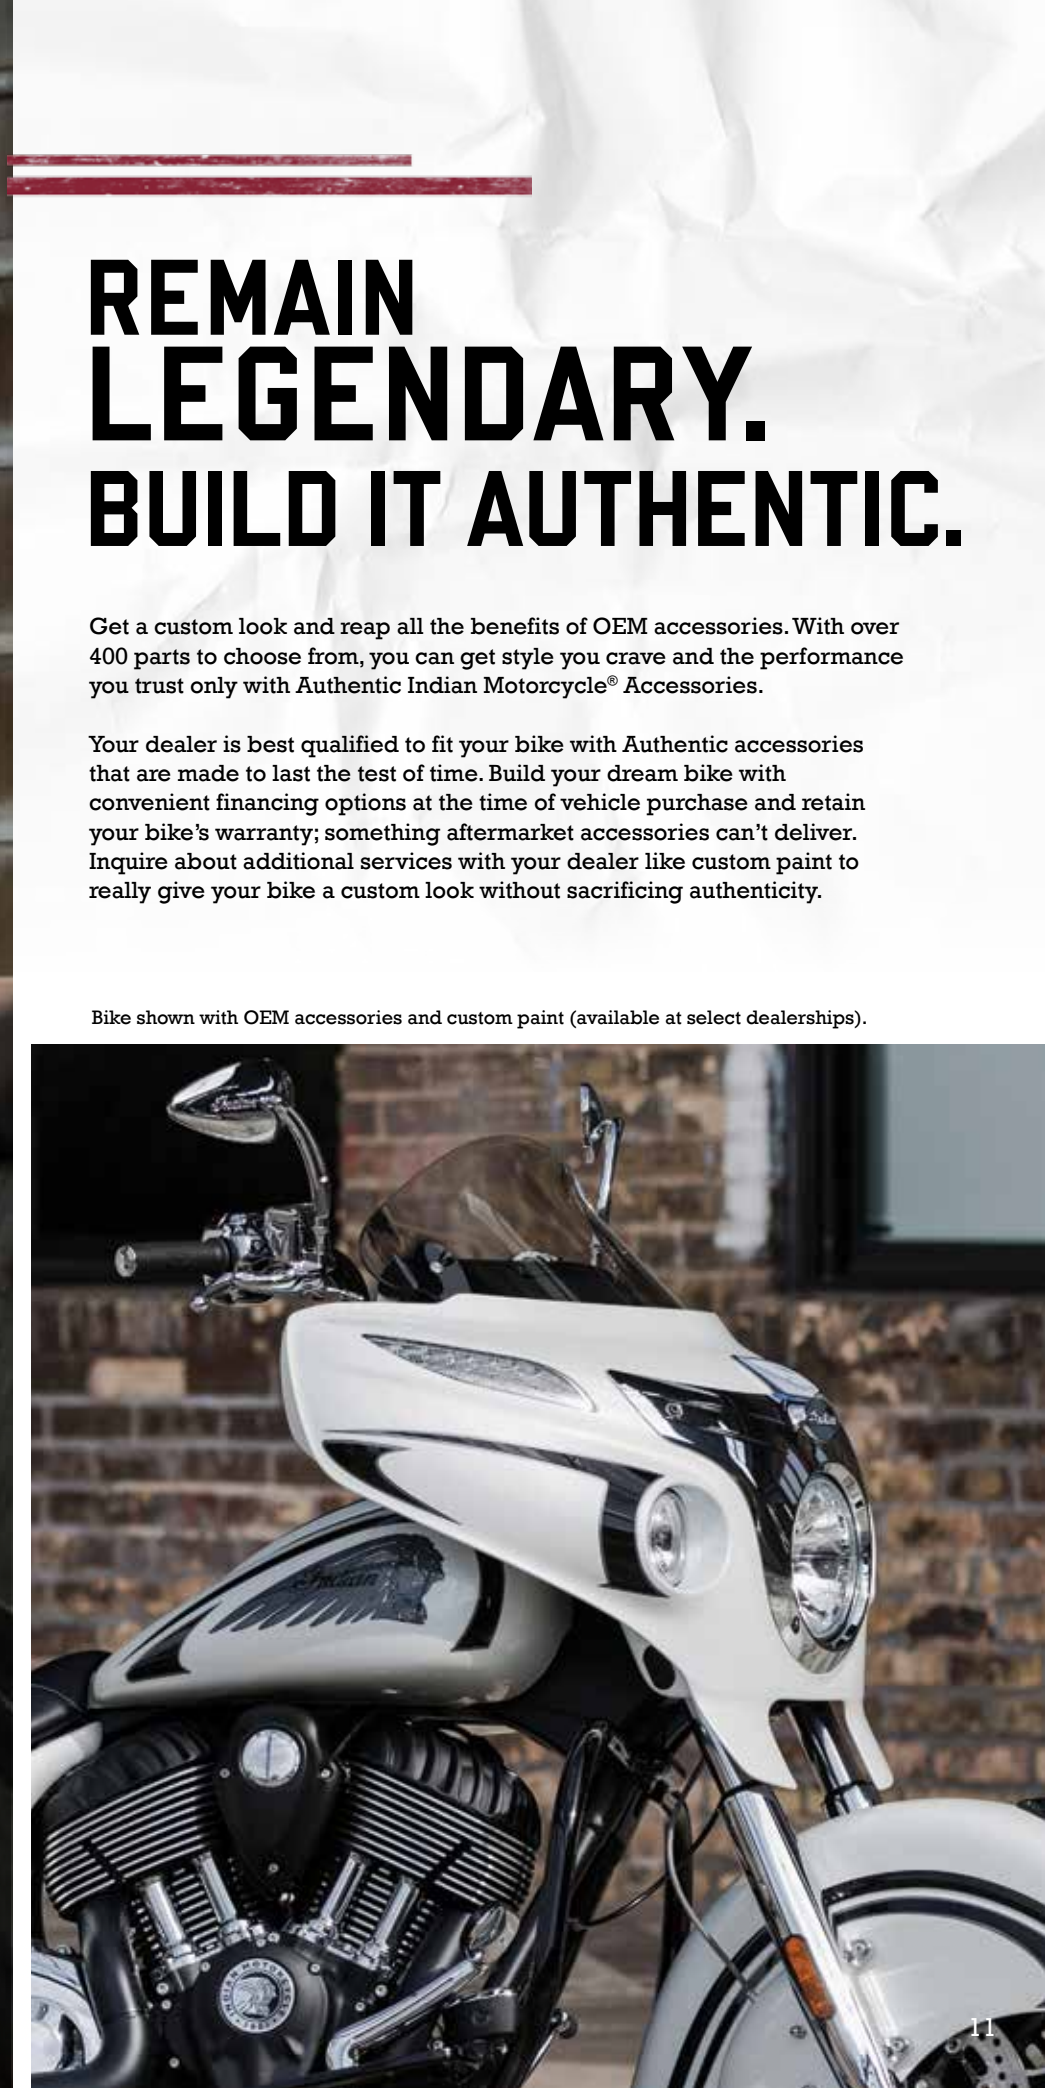

FATIGUE:

This test ensures real world usage and the cycles of regular use over time. For example, pressing on a back rest or pulling on handlebars.

ON-ROAD

This test is the most authentic as parts are tested on real roads and conditions. This testing confirms the lab test results and ensures the product behaves in the way it was intended.

REMAIN LEGENDARY. BUILD IT AUTHENTIC.

Get a custom look and reap all the benefits of OEM accessories. With over 400 parts to choose from, you can get style you crave and the performance you trust only with Authentic Indian Motorcycle® Accessories.

Your dealer is best qualified to fit your bike with Authentic accessories that are made to last the test of time. Build your dream bike with convenient financing options at the time of vehicle purchase and retain your bike's warranty; something aftermarket accessories can't deliver. Inquire about additional services with your dealer like custom paint to really give your bike a custom look without sacrificing authenticity.

Bike shown with OEM accessories and custom paint (available at select dealerships).

CUSTOM JACK DANIEL'S®

A piece of true American craftsmanship. Indian Motorcycle® company and the Jack Daniel's® Distillery partnership bring together two of America's most iconic brands that share a mutual commitment to independence, originality and American craftsmanship, dating back more than a century. The Limited Edition Jack Daniel's® motorcycles were produced in limited quantities with an array of Genuine Indian Motorcycle® Accessories as well as Jack Daniel's-inspired custom paint and logos. Collaborations like this allow Jack Daniel's® and Indian Motorcycle® to proudly support our troops, military families and our veterans.

Chief® Vintage

Featuring the Tinted Flare Windshield fit for the Chief® Vintage, pg 73.

Indian Springfield™

Featuring the Tinted Flare Windshield fit for the Indian Springfield™, pg 73.

In 1901, we built the first American motorcycle. The Indian Motorcycle Riders Group™ was born the moment we built the second. Hendee and Hedstrom built in their vision and innovation. The Van Buren sisters rode across America, proving that greatness always follows those who sit in our saddles. Pappy's love for our iconic bike kick started the Jackpine Gypsies and grew into the biggest rally in the world. This group has been 114 years in the making, and you'll be riding in good company.

Stage 1 Straights Slip-On Exhaust Kit- (50 ST)

2880876-156  Chrome \$799.99

Dealer installation required. Includes EFI calibration. Compliant with SAE J2825 sound standard. Meets EPS and CARB emissions limits. 50 state emission compliant. Does not void factory warranty. Fits model year 2015-2016.

NEW

Slip-On Exhaust (50 ST)

2882012-156  Chrome \$799.99

Chrome Slip-On Exhaust with Chrome billet tips. 50 state compliant. Dealer installation required. Includes EFI calibration. Compliant with SAE J2825 sound standard. Meets EPS and CARB emissions limits. 50 state emission compliant. Does not void factory warranty. Fits model year 2017.

Indian® Performance Shocks By Fox®

2881790-463 Black \$899.99

Kit includes 2 shocks, spanner wrench and instructions. Preload adjustable, installs in place of stock shocks. Fits model year 2015-2017.

These Indian® Scout® Street Performance Shocks are tuned specifically for the Indian® Scout® to optimize the bike’s high-performance ride and handling. These shocks have a gas-charged mono-tube with internal floating piston (IFP). They give a rider wide-range rebound adjustability and the coil spring offers preload adjustability. They have advanced high-flow, deflective disk, velocity-sensitive damping, and are fully rebuildable and revalveable.

 This kit meets EPA and CARB emission limits. Non-competition street use may violate federal noise limits. Please see back cover for further information.

2881676  \$499.99

Requires Stage I Exhaust (2879768-156, 2879768-266 or 2879769-156, 2879769-266) and High Flow Air Cleaner (2880654-156 or 2880654-266) increases Horsepower 13%, increases torque 7%. Stage 2 VCM calibration included. Fits model year 2014-2017.

 This kit meets EPA and CARB emission limits. Non-competition street use may violate federal noise limits. Please see back cover for further information.

50 state emissions compliant. Non-competition street use may violate federal noise limits. Indian Motorcycle™ recognizes the importance of environmental laws that regulate exhaust and noise emissions and is committed to developing performance parts that allow motorcycle enthusiasts to modify their vehicles in a safe and responsible manner for racing applications. Emissions / Safety: Federal and many state laws prohibit the removal, modification, or rendering inoperative any part installed on motor vehicles by Indian Motorcycle® affecting emissions or safety on motor vehicles manufactured for use on a public street or highway. Violation may result in fines. International markets, please consult your local laws for additional information. Noise: Certain Indian Motorcycle® performance parts are subject to noise-related usage restrictions. The warning statement for these parts includes the statement, "Non-competition street use may violate federal noise limits." These products are designed for use on closed course competition motorcycles only and do not conform to U.S. EPA noise emission standards. Use on motorcycles subject to EPA noise regulations constitutes tampering and is a violation of Federal law unless it can be shown that such use does not cause the motorcycle to exceed applicable Federal Standards.

NEW

over 7% more TORQUE

over 13% more HORSEPOWER

△ This kit meets EPA and CARB emission limits. Non-competition street use may violate federal noise limits. Please see back cover for further information.

50 state emissions compliant. Non-competition street use may violate federal noise limits. Indian Motorcycle™ recognizes the importance of environmental laws that regulate exhaust and noise emissions and is committed to developing performance parts that allow motorcycle enthusiasts to modify their vehicles in a safe and responsible manner for racing applications. Emissions / Safety: Federal and many state laws prohibit the removal, modification, or rendering inoperative any part installed on motor vehicles by Indian Motorcycle® affecting emissions or safety on motor vehicles manufactured for use on a public street or highway. Violation may result in fines. International markets, please consult your local laws for additional information. Noise: Certain Indian Motorcycle™ performance parts are subject to noise-related usage restrictions. The warning statement for these parts includes the statement, "Non-competition street use may violate federal noise limits." These products are designed for use on closed course competition motorcycles only and do not conform to U.S. EPA noise emission standards. Use on motorcycles subject to EPA noise regulations constitutes tampering and is a violation of Federal law unless it can be shown that such use does not cause the motorcycle to exceed applicable Federal Standards.

2880798	Matte Black	\$279.99
---------	-------------	----------

Fits model year 2014-2017 Chieftain® & 2016-2017 Chieftain Dark Horse.®

TOP SELLER

Stage 2 Performance Cams by Indian Motorcycle®

2881676	\$499.99
---------	----------

Requires Stage 1 Exhaust (2879768-156, 2879768-266 or 2879769-156, 2879769-266) and High Flow Air Cleaner (2880654-156 or 2880654-266) increases Horsepower 13%, increases torque 7%. Stage 2 VCM calibration included. Fits model year 2014-2017.

⚠ This kit meets EPA and CARB emission limits. Non-competition street use may violate federal noise limits. Please see back cover for further information.

50 state emissions compliant. Non-competition street use may violate federal noise limits. Indian Motorcycle® recognizes the importance of environmental laws that regulate exhaust and noise emissions and is committed to developing performance parts that allow motorcycle enthusiasts to modify their vehicles in a safe and responsible manner for racing applications. Emissions / Safety: Federal and many state laws prohibit the removal, modification, or rendering inoperative any part installed on motor vehicles by Indian Motorcycle® affecting emissions or safety on motor vehicles manufactured for use on a public street or highway. Violation may result in fines. International markets, please consult your local laws for additional information. Noise: Certain Indian Motorcycle® performance parts are subject to noise-related usage restrictions. The warning statement for these parts includes the statement, "Non-competition street use may violate federal noise limits." These products are designed for use on closed course competition motorcycles only and do not conform to U.S. EPA noise emission standards. Use on motorcycles subject to EPA noise regulations constitutes tampering and is a violation of Federal law unless it can be shown that such use does not cause the motorcycle to exceed applicable Federal Standards.

NEW

△ This kit meets EPA and CARB emission limits. Non-competition street use may violate federal noise limits. Please see back cover for further information.

50 state emissions compliant. Non-competition street use may violate federal noise limits. Indian Motorcycle® recognizes the importance of environmental laws that regulate exhaust and noise emissions and is committed to developing performance parts that allow motorcycle enthusiasts to modify their vehicles in a safe and responsible manner for racing applications. Emissions / Safety: Federal and many state laws prohibit the removal, modification, or rendering inoperative any part installed on motor vehicles by Indian Motorcycle® affecting emissions or safety on motor vehicles manufactured for use on a public street or highway. Violation may result in fines. International markets, please consult your local laws for additional information. Noise: Certain Indian Motorcycle® performance parts are subject to noise-related usage restrictions. The warning statement for these parts includes the statement, "Non-competition street use may violate federal noise limits." These products are designed for use on closed course competition motorcycles only and do not conform to U.S. EPA noise emission standards. Use on motorcycles subject to EPA noise regulations constitutes tampering and is a violation of Federal law unless it can be shown that such use does not cause the motorcycle to exceed applicable Federal Standards.

MY17 INDIAN ACCESS CATALOG-US

MY17 INDIAN Access Catalog-US

US | 9930293

Always wear a helmet, protective eyewear and clothing and insist your passenger does the same. Ride within the limits of the law and your own abilities. Read and understand your owner's manual. Never ride under the influence of drugs or alcohol. Indian Motorcycle® strongly recommends riders take a Motorcycle Safety Foundation Rider Course. For a course near you, call 1-800-446-9227. Protect riders' rights by joining the American Motorcycle Association. For the name of your nearest Indian Motorcycle® dealer, call 1-800-POLARIS or go to polarisindustries.com. Polaris Sales Inc. reserves the right without prior notice to discontinue at any time at its discretion any of the items herein or change specifications or designs without incurring any obligation to the customer. All items are subject to availability and prior sales by our dealers. Prices are subject to change at any moment.

Catalog design by SAGA Marketing. Printed in the USA.

Indian Motorcycle® recognizes the importance of environmental laws that regulate exhaust and noise emissions and is committed to developing performance parts that allow motorcycle enthusiasts to modify their vehicles in a safe and responsible manner for racing applications. Parts and kits designated with a warning triangle indicate that usage restrictions may apply.

Emissions / Safety: Federal and many state laws prohibit the removal, modification, or rendering inoperative any part installed on motor vehicles by Indian Motorcycle affecting emissions or safety on motor vehicles manufactured for use on a public street or highway. Violation may result in fines.

Noise: Certain Indian Motorcycle® performance parts are subject to noise-related usage restrictions. The warning statement for these parts includes the statement, "Non-competition street use may violate federal noise limits." These products are designed for use on closed course competition motorcycles only and do not conform to U.S. EPA noise emission standards. Use on motorcycles subject to EPA noise regulations constitutes tampering and is a violation of Federal law unless it can be shown that such use does not cause the motorcycle to exceed applicable Federal Standards.
